Welcome

Welcome to UPMC Health Plan, a provider-led health plan committed to quality coverage for its members and employer clients.

Guided by the principle of treating others as we want to be treated, UPMC Health Plan's goal is to be the nation's best service-centered health benefits company, providing the highest quality products at an affordable price to families, individuals, and employers.

We pledge to satisfy customers, grow membership, control expenses, and improve the health of people living in the communities we serve.

UPMC Health Plan was founded as a provider-led managed care organization. As such, UPMC Health Plan has never placed barriers between doctor and patient. We consider the providers in our network to be leaders in the quality of care they provide. Our goal as a health insurer is to work with our providers to make sure our members get regular preventive care and quality medical care, as well as to reduce unnecessary medical procedures.

To that end, this document is intended to serve as the main resource for information about UPMC Health Plan's products, services, and claims processes, and as a reference for providers when questions arise. If certain situations require further explanation, providers should call **Provider Services** from 8 a.m. to 5 p.m., Monday through Friday, at the following numbers:

Provider OnLine

Provider OnLine (POL), is a self-serve website that is available 24 hours a day, 7 days a week and can significantly reduce the number of telephone calls a network provider needs to make to UPMC Health Plan, thereby reducing the time it takes to perform their daily tasks.

This secure online service, available from any computer with internet access allows providers to perform a wide variety of administrative functions, including submitting a prior authorization request, checking on the status of an authorization request, checking member eligibility and covered benefits, submitting claims for reimbursement, checking on the status of a claim, viewing an Explanation of Payment (EOP), sending and receiving messages or chatting with a Provider Services representative in real time. POL is utilized to relay general communications to Providers; Providers should frequently check POL for updates. In addition, POL allows the Provider to complete an authorization to receive electronic payments by Electronic Funds Transfer (EFT). EFT Transfer will allow the Provider's office or practice to receive reimbursement from UPMC Health Plan sooner than paper checks.

NOTE: All contracted Providers are required to complete the Authorization for Electronic Reimbursement form by going to www.upmchealthplan.com/providers/online and selecting EFT Transfer Form.

Providers can also request Electronic Remittance Advice (ERA) through Provider OnLine.

NOTE: Per HIPAA the only permissible format for an electronic remittance advice, in a data file, is the ANSI ASC X12.835, Health Care Claim Payment/Advice. This file is commonly referred to as an 835.

It requires the recipient's practice or billing system have the ability to automate loading a file in the mandated format.

NOTE: All contracted providers should utilize POL to review their current and historical EOPs and print a paper copy of the EOP. Providers with POL access and those who elect to utilize ERA will not receive a paper EOP. Paper EOPs will only be sent upon specific request. POL is available 24 hours a day, 7 days a week.

The eligibility section of POL shows the member's specific schedule of benefits, including riders (additional benefits beyond basic coverage), and the date such benefits became effective. This section also shows up to date coordination of benefit (COB) information and current out of pocket costs (copays, deductible, etc.) that have been incurred. To view information about an eligible member the provider needs one of the following:

- Member's first and last name
- Member's identification number

Provider OnLine can be accessed from **www.upmchealthplan.com/providers.** Enter your user ID in the **provider login** box. If you do not have a Provider OnLine account, your practice OnLine Account Administrator will help you gain this access.

NOTE: The OnLine Account Administrator (OAA) is the individual within a practice who manages all Provider OnLine security and access.

If you do not have an OAA, complete the first-time user registration at: https://upmchealthplan.upmc.com/WebPortals/Requests/SecurityRequest.aspx.

To submit a prior authorization request, log into **Provider Online** at: **www.upmchealthplan.com/providers.** Select the **Auth Entry/Inquiry** option from the main menu and follow the prompts.

If you forgot your UPMC Health Plan **Provider OnLine** User ID or need assistance registering as a first-time user, call the **Help Desk** at **1-800-937-0438**. If you have any questions, contact your physician account executive or call **Provider Services** at **1-866-918-1595**.

Providers who need to request authorization to prescribe a medication that may have a quantity limit, require prior authorization, or for non-formulary medications should submit the request online at **https://upmc.promptpa.com** or visit **www.upmchealthplan.com** to obtain a prior authorization form and submit it by fax to **412-454-7722.**

See Obtaining Prior Authorization, Pharmacy Services, Chapter J.

UPMC Community HealthChoices Home and Community Based Services providers can access Provider OnLine to check member eligibility and benefits but claims submission will occur in HHAeXchange.

> For more information see *Provider OnLine*, Claims Procedures, Chapter H.

How to Use This Manual

This manual provides physicians, hospitals, long-term service and support providers, and other health care practitioners/providers in the UPMC Health Plan* network with a succinct, easy-to-use guide to UPMC Health Plan's business and medical management practices. This manual directs users to important information through text "call-outs". Samples of the callouts include:

Key Points

Key Points are major highlights about a particular topic. These points are listed in bullet form for easy readability.

Alert

An Alert draws attention to critical information.

Closer Look at (Subject)

A Closer Look provides additional information about a topic, such as an important phone number, address, or useful fact.

This chapter includes a list of key contacts. Throughout this manual there are important phone numbers and addresses, all of which are printed in bold-face type.

This manual contains a dual-definition glossary. All terms include a common language definition, and some may include a regulatory definition. Regulatory definitions are required by regulatory and other government agencies and are standard to the insurance industry, including UPMC Health Plan.

See *Glossary and Abbreviations*, Chapter K.

UPMC Health Plan will update this manual and post revisions as needed. The bottom of each page indicates the copyright date and the edition to indicate the timeliness of the information.

Closer Look at Community HealthChoices

Community HealthChoices is Pennsylvania's mandatory managed care program for individuals who are eligible for both Medical Assistance and Medicare (dual eligible), older adults, and individuals with physical disabilities – serving more people in communities while giving them the opportunity to work, spend more time with their families and experience an overall better quality of life.

The CHC population consists of two groups:

- Dual Eligible Participants:
 - Individuals enrolled in both Medicare and Medical Assistance.
- Participants needing LTSS Services:
 - Individuals who qualify for Medical Assistance long-term services and supports (LTSS) due to a need for the level of care provided by a nursing facility.
 - Participants receive LTSS at home through a waiver program or reside in a nursing facility.
 - They may also be enrolled in both Medicare and Medical Assistance.

Participants have access to medical care and other appropriate physical health services, whether the services are delivered on an inpatient or outpatient basis, through a Community HealthChoices Managed Care Organization (CHC-MCO). Participants evaluated to need nursing facility level of care also have access to Long-Term Services and Supports (LTSS).

Participants receive mental health and/or drug and alcohol services through Behavioral Health Managed Care Organizations. This component is overseen by the Department of Human Services' Office of Mental Health and Substance Abuse Services. CHC-MCOs assist participants to access these services.

Closer Look at Health Choices

The HealthChoices Program is the name of Pennsylvania's mandatory managed care programs for Medical Assistance recipients.

The recipients have access to medical care and other appropriate physical health services, whether the services are delivered on an inpatient or outpatient basis, through a Physical Health Managed Care Organization. The Department of Human Services' Office of Medical Assistance Programs oversees the Physical Health component of the HealthChoices Program.

Recipients receive behavioral health and/or drug and alcohol services through Behavioral Health Managed Care Organizations. This component is overseen by the Department of Human Services' Office of Mental Health and Substance Abuse Services.

UPMC *for You* is one of the Physical Health Managed Care Organizations offered to recipients in the following zones:

Lehigh Capital Zone	Adams, Berks, Cumberland, Dauphin, Franklin, Fulton, Huntingdon, Lancaster, Lebanon, Lehigh, Northampton, Perry, and York counties
Northwest Zone	Cameron, Clarion, Clearfield, Crawford, Elk, Erie, Forest, Jefferson, McKean, Mercer, Potter, Venango, and Warren counties
Southwest Zone	Allegheny, Armstrong, Beaver, Bedford, Blair, Butler, Cambria, Fayette, Greene, Indiana, Lawrence, Somerset, Washington, and Westmoreland counties
